

3/2 roller trip valve

Symbol

What it looks like

What it does

One way only. Pushed one way, the roller works the valve. Air flows from port 1 to port 2.

Pushed the other way, the hinge folds. Nothing happens.

Key words

3/2 valve

A valve with 3 ports and 2 positions.

Actuator

The part that works the valve.

Port

A numbered hole where a pipe joins.

Signal

Air sent to make the next part work.

Mechanical

Worked by a moving part.

Roller trip

A roller that works the valve one way only.
